

Lucia CS

Lucia CS has been engineered from 100% Trevira CS® yarn and is an inherently flame retardant version of our popular screen fabric Lucia. We have created a sophisticated colour palette that effortlessly coordinates with Xtreme CS and adopts some of our most popular colourways.

This fabric is largely acoustically transparent and as such is ideal to be used as a decorative facing for sound absorbing boards.

Photographic fabric scans are not colour accurate. Always request actual fabric samples before ordering.
