Snug

Made from 97% Wool, 3% Polyamide, in 5 colourways

Beautiful bouclé

Snug is a timeless chunky wool bouclé fabric which is both ruggedly textured, yet tenderly soft. Available in five neutral colourways, this beautiful bouclé elevates the spaces we live, work and play.

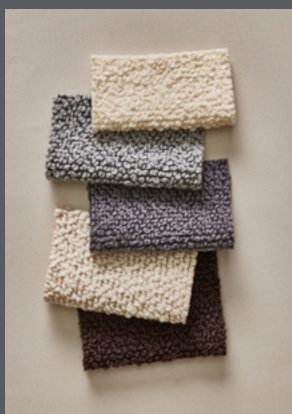

Alluring aesthetic

A stunning accentuated bouclé, Snug is a statement of refined taste and classic luxury. Its appeal lies in its deeply tempting texture and warm enveloping hand.

Derived from the French word for 'curled,' 'bouclé' describes the fabric's unique surface interest and cozy aesthetic which is created by introducing loops of yarn during the spinning process.

Inviting interiors

Snug adds a sense of warmth, comfort and serenity to residential interiors, encouraging guests to stay a little longer. Suitable for soft seating, Snug pairs perfectly with Camira's other ranges including Yoredale, Blazer, Craggan Flax, Main Line Flax and Sumi.

At a glance

- Five neutral colourways
- Accentuated bouclé
- Ideal for hospitality and residential interiors
- Pairs with Camira's other ranges
