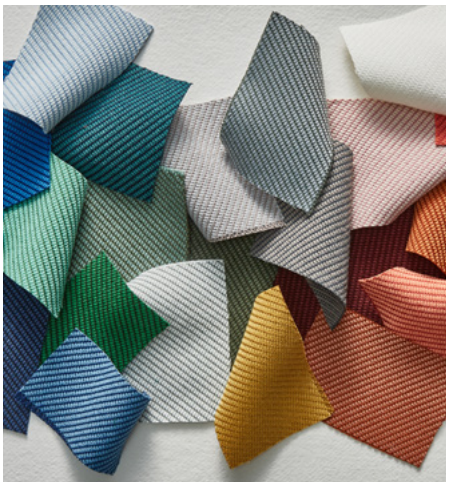
Product Update Information 2026

As we start the new year, we wanted to remind you of our recent introductions and upcoming product changes – please take a moment to review these updates to ensure your binder and sample library are up to date.

What was new in 2025



Oceanic - new colours

Oceanic has been refreshed, introducing 14 new shades. Made from 100% post-consumer recycled polyester, including 50% SEAQUAL® YARN derived from ocean-found marine plastic waste, Oceanic is now presented in 27 carefully considered colourways. Oceanic is certified for upholstery, panel, and curtain applications.

RePlay Zero 170

A wider width adaptation of our 100% post-consumer recycled polyester fabric, RePlay Zero. Manufactured entirely from recycled plastic bottles, RePlay Zero 170 is a woven fabric with a modern knitted appearance and smart, two-tone micro detail available in 33 shades.

Lucia T2T

Our very first post-consumer recycled polyester fabric was re-engineered to use 100% textile-to-textile recycled polyester from fashion waste. Lucia T2T is the environmental choice for panel and acoustic applications.

Cara inclusion of recycled yarn into 5 colours

Acoustically transparent Cara now includes post-industrial recycled polypropylene; sourced from our own yarn manufacturing processes, in select colourways.

Eco FR™ (replacement for Enviroflam 5)

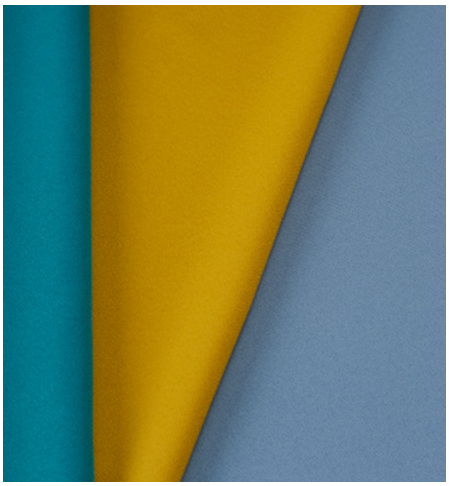
Our patent-pending, environmental flame retardant (FR) fabric technology that enables fabrics to achieve key FR requirements in the domestic and contract interiors sectors.

Products reinstated in 2025

Back by popular demand, we reinstated the following products:

Regent

Synergy Quilt Chevron



Lucia CS

Phase outs for 2026

The products listed below will be phased out from 1 January to 31 December 2026.

Please note: To support existing project pipelines and specifications, during the phase-out period products may be ordered as normal, with no minimum order quantities, for nine months (January to September inclusive). From 1 October to 31 December, if stock or yarn is unavailable, we reserve the right to apply a minimum order quantity depending on the manufacturing route. This will be discussed at the time of order.
