Phoenix

Phoenix is an ever popular, stylish crêpe weave fabric available in a wide selection of commercial colourways, ideal for task seating in busy commercial workspaces. For home working applications, it is also available as Phoenix Home, with the addition of a halogen free FR backcoat, to meet UK domestic flammability regulations.

*Results from abrasion testing are highly variable and are therefore not a reliable indicator of the wear performance of the fabric. All independent certification is supported by a 10 year durability guarantee. Internally we specify this product at >100,000 cycles which we believe is realistic for repeatability of testing. The stated technical and environmental performance of a fabric may be affected by the post treatment applied. Product guarantees for the post treatment of fabrics undertaken by Camira are guaranteed for 5 years. Please note that seam performance is dependent on seam construction, needle and thread type. We recommend that appropriate sewing advice be taken. Batch to batch shade variations may occur within commercial tolerances. We reserve the right to alter technical specifications without notice. The Unregistered Design Rights and the Copyright in all designs are the exclusive property of Camira Fabrics Limited.
