# SAMPLE IDENTIFICATION

The information is this section is provided by the client and Lancashire Testing Services Ltd assumes no reponsibility or liability for its accuracy.

Sample Name / Reference Additional Names:	Era + Camira Enviroflam 5 -
Batch Ref/Number: Order Number:	D1071 C10381 83A09372
Colour:	-
Fabric Composition:	-
Customer:	-

<b>SPECIFICATION</b>	
BS7176:2007 + A1:2	2011 - Medium Hazard
TEST METHOD	
Flammability:	BS EN 1021-1:2006 Part 1: Ignition source smouldering cigarette
	BS EN 1021-2:2006 Part 2: Ignition source match flame equivalent
	BS 5852:2006 Crib Ignition source 5
Pre-treatment:	BS 5852:2006 Annex E - Water soaking procedure

# **Conclusion**

The composite tested:	Complies	with the flammability requirements of:				
BS 7176:2007 + A1:2011	Medium hazard	, taking into account uncertainty of measurement.				
Uncertainty of Measurement: ±1 second - timing measurements, ±1mm - dimensional measurements						
Comments:						

Please note that copies of this original certificate are not valid

### Certificate Number:

If the measurement result plus/minus the expanded uncertainty with a 95 % coverage probability overlaps the limit, it is not possible to state compliance or non-compliance. The measurement result and the expanded uncertainty with a 95 % coverage probability will then be reported. The report will include the actual value with the uncertainty range.

Lancashire Testing Services Ltd have conducted thorough analysis of the uncertainty of all measurements carried out in the application of the standard or standards detailed in this report. Where possible any associated uncertainty of measurements have been accounted for in the working instructions, so that they have no impact on the reporting of the final result. In instances were uncertainty of measurements can only be taken into account after the test has been conducted, these uncertainty values have been stated on this report. The stated uncertainty of measurement has also been taken into account in the final reporting of the overall result.
