

Blazer

A celebration of colour

camira

Made from premium New Zealand lambswool, Blazer is a timeless wool felt fabric which embodies everything we do: we spin the yarn, weave the cloth, mill the fabric and dye it into our most extensive palette of 77 colourways.

An injection of 36 entirely new shades marks our 50th anniversary year. Its rejuvenated colour palette blends invigorating solids with softly textured mélanges and adds a fresh glow to this iconic collection, which comprises lush, nature-inspired greens, bold sunset hues, warm terracotta and earthy tones, and soothing, delicate pastels.

Sustainable by design, Blazer is natural and renewable, backed by an independently verified Environmental Product Declaration and certified to the EU Ecolabel.
