

Supplier PFAS Declaration

Per- and polyfluoroalkyl substances are a group of synthetic organofluorine chemical compounds that have multiple fluorine atoms attached to an alkyl chain. PFAS are widely used, long lasting chemicals which break down very slowly over time and some are linked to negative effects on human health and environmental pollution.

Camira suppliers shall acknowledge responsibility for confirming the absence or presence of any PFAS in products supplied to Camira using the declaration below.

Declaration

Company Name:	Supplier Reference:
----------------------	----------------------------

1. At the date of completion of this form, do any of the products supplied (or intended to supply) to Camira by the above named supplier contain "Perfluoroalkyl and polyfluoroalkyl substances" or "PFAS"?

Supplier response:

2. For any products that contain "Perfluoroalkyl and polyfluoroalkyl substances" or "PFAS" at a concentration above 0.1% (w/w), please complete the following table. The supplier shall complete this information on a separate sheet if more space is required.

Product name	Substance name	CAS number	Concentration %

Authorised supplier representative

Contact Name:	Contact Title:
Contact Email:	Contact Phone:
Contact Signature:	Signature Date:

3. The Camira supplier shall re-submit this Supplier PFAS Declaration in the event of changes to the declaration or no less than 24 months after the 'Signature date'
